

"LITTLE TIM" REFUSES TO VOTE

Denies Jurisdiction of Board of Estimate in Franchise Applications and Gives Notice of Aldermanic Opposition.

Five applications for franchises under the new law were received by the Board of Estimate at the regular meeting today, and their merits will be considered at public hearings set for June 30.

Alderman Sullivan, who as Acting President of the Board of Aldermen sat in the Board of Estimate, declined to vote on any of the franchise propositions and notified the Board that there would be Aldermanic opposition to action by the Board of Estimate.

The first application was from the Atlantic Telephone Company, which asked authority to lay wires and erect conductors, &c., in the city of New York to "conduct a general telephone, telegraph and radiotelegraph business." The company asks a franchise for twenty-five years with readjustment of terms at the end of that period and agrees to furnish telephone service at 5 cents per call. The letter of application claims that the company has already 75,000 subscribers in the city. It is signed by A. B. La Far and J. A. L. Campbell, counsel and directors, and announces that Joshua D. Powers, president of the U. S. Trust Company, of Louisville, Ky., is president of the company. All the other directors whose names are given are Louisville men.

The other applications for franchises were from the Nassau Railroad Company of Brooklyn to run cars on Livingston street; from the Southern Boulevard Company and the Union Railway Company to extend their lines in the Bronx and from the New York and Port Chester Company for the much-discussed system it wants to construct and run in the Bronx, Port Chester and vicinity.

Deputy Controller Stevenson presented the application of the Board of Estimate to the Board of Aldermen before any decision is taken here. "Do you mean that this Board should show any responsibility?" asked Comptroller Groat. "You need not put it that way," replied Mr. Sullivan; "I deny the jurisdiction of this Board."

"The clerk will call the roll on the Comptroller's motion to set public hearings for June 30," ruled the Mayor. Mr. Sullivan voted "no." All the others of the Board voted in the affirmative.

Final approval of the modified plans for the \$500,000 reorganized Bellevue Hospital was made by unanimous vote of the board on an appropriation of \$50,000 for the construction of the first section of the hospital, to be known as pavilion "A" and "B."

The Board appropriated \$50,000 for a gateway at Seventh Avenue and One Hundred and Tenth Street and Central Park, to be part of the memorial to the late Andrew H. Green. The money is not to be available until the Memorial Committee has raised a like sum.

The Board of Estimate has approved the Park Department's plans for the gateway.

A request from the Fire Department for \$18,500 for hose for the Volunteer Fire Company of the Bronx was granted by the Board of Estimate.

Mr. Groat declined to vote the money until his department had investigated conditions.

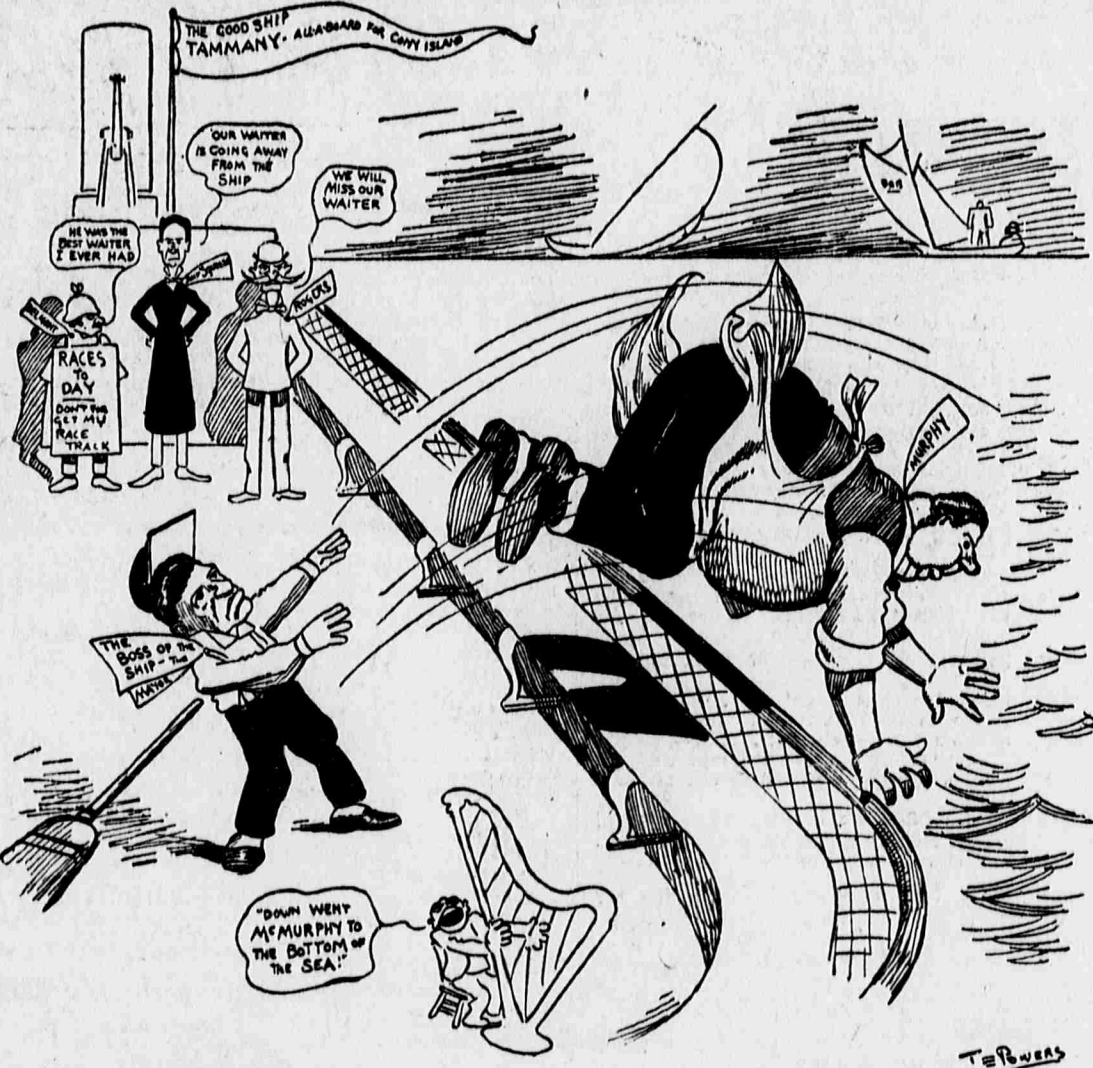

Members of the Grand Jury are endeavoring today to gather more complete and latest details of the boat stories told by President C. P. Shea, of the Teamsters' Union, and its former president, Albert Young.

As the statute of limitations has run against most of the alleged bribery matters, concerning which Shea and Young testified, the investigators are prepared to search for later overt acts connected with the so-called "outlawed" conspiracies.

To this end the Grand Jury has directed the docket clerk to issue subpoenas for the records of the coal and other "teamsters' unions. Shea and Young testified that records would show proof of their statements that prominent coal men paid \$50,000 in strike benefits from the downtown building owners substituted coal for fuel gas.

Grand Jury subpoenas for John G. Driscoll, former Secretary of the Associated Teamsters' Union, were today still waiting service. At Driscoll's home no information of his whereabouts could be obtained. Driscoll's testimony is desired as to an alleged offer of \$50,000 to officials of the Teamsters' Union if a strike was called against Sears, Roebuck & Co. The bribe is alleged to have come from a business rival.

OVER HE GOES. (By T. E. Powers.)

WEAVERDROPTWO MORE RING MEN

Philadelphia's Mayor Removes from Office the Assistant Directors of Public Safety and Public Works—Both Submit.

(Special to The Evening World.) PHILADELPHIA, June 2.—Mayor

Weaver today demanded the resignation of Assistant Director of Public Safety Alex H. Colville. The Mayor sent for Director Potter and after the conference Mr. Potter sent for his assistant and told him that the Mayor wanted him to resign.

Mr. Colville said he would do so at once. Mr. Potter assured him that he had nothing personal against him and that he was pleased with the cordial assistance he had given him since he assumed the office of director. The Mayor also held a conference with the Director of Public Works, and shortly after Mr. Ackert sent a request to Assistant Director of Public Works William H. Baker that he tender his resignation.

Mr. Baker replied by at once placing

his resignation in the hands of the Director.

Baker was clerk of the Council's Finance Committee until the election of Mayor Weaver, when he assumed the assistant directorship.

Still Loves the Ring. Mabel—So you have broken off the engagement? Have you returned his ring? Amy—Why, no! That wouldn't be reasonable. Of course, I have changed my opinion of George, but I admire the ring as much as ever.—Chicago Journal.

IRISH HERCULES FOR "THE FORCE"

Big Fellow from County Mayo Lifts 1,400 Pounds in Taking His Examination Before Civil Service Board.

Police Commissioner McArdoo saw some wonderful stunts done in the basement of the Criminal Courts Building today while the Civil-Service Board was examining recruits for the Police Department.

The Commissioner came down from Police Headquarters with his Secretary to look over the outfit.

The first applicant was a big man from County Mayo, Ireland, who on the strength test lifted fourteen hundred pounds without turning a hair.

"Marvelous," said the Commissioner. "Where do you come from?"

"County Mayo, sir," replied the big fellow modestly.

"Nobody but an Irishman could perform such a feat," replied the Commissioner.

This Irish Hercules is but twenty-two years old. He stands six feet and five inches in his stocking feet and has as broad a pair of shoulders as any man in New York. He will probably make a mark for himself in the Irish Athletic Club, which he is going to join just as soon as he receives his appointment on the police force.

"What a fine man he will make for the Broadway squad," remarked the Commissioner as the big Irishman walked away.

Another man who interested the Commissioner was a little man who beat all of the other jumpers in that part of the examination.

Men's Sack Suits

Always \$15, \$18, \$20,
Friday and Saturday
Twelve Fifty.

Last week's genteel throng filled our three stores to overflowing. Indeed, oftentimes enough the enthusiasm of the people is the profit of the sale. There's a little of the Smith-Gray element in all good clothing, but there is only one Smith-Gray.

The suit offering announced is unusual. Many snappy, chic woollens—Tweeds, Chevots, Worsteds—all tailored to the Top Notch of fashionableness and ready to be slipped into, in many instances, without an alteration.

Men's Waistcoats,

Always \$3, \$4, \$5,
Friday and Saturday
Two Dollars.

The vests are superbly tailored, and—\$3, \$4 and \$5 vests for \$2, ought to quicken a step. Besides, won't you need one to tone up your frock coat or sack suit? Drop in and try one on.

MORE SHOOTING IN CHICAGO RIOTS

Policemen Injured by Missiles Thrown by Mob Attacking "Breakers" Fire Into the Air Until Reserves Arrived.

CHICAGO, June 2.—Rioting broke out afresh today in the lumber district when a wagon belonging to Hittnerhouse & Embree Company was attacked by a crowd of 100 persons at Thirty-second Street and Centre Avenue.

Two policemen who were guarding the wagon were hit by missiles and slightly injured. The police were obliged to fire several shots into the air in order to keep the crowd at bay.

Upon the arrival of additional police the crowd quickly scattered. No arrests were made.

Members of the Grand Jury are endeavoring today to gather more complete and latest details of the boat stories told by President C. P. Shea, of the Teamsters' Union, and its former president, Albert Young.

As the statute of limitations has run against most of the alleged bribery matters, concerning which Shea and Young testified, the investigators are prepared to search for later overt acts connected with the so-called "outlawed" conspiracies.

HUNGARIANS HONOR WASHINGTON. BUDAPEST, HUNGARY, JUNE 2.—The National Club has decided to erect here a statue in honor of Washington as evidence of its appreciation of the peace and justice of Cleveland, O., in erecting a statue in honor of George Washington.

the Blyn Shoe

Concentration is the greatest economical business force of modern merchandising. That is why the stocks—the styles—the capital of twenty ordinary or special price shoe stores are centred in the Blyn Big Six.

We were manufacturers—wholesalers—before we began to sell our shoes at retail. We sold at a profit to the retailer, who in turn made a profit from the consumer.

We began to sell direct to the wearer—took the short cut to popular favor by cutting off one profit.

We perfected each store before we even thought of starting another.

The six Blyn Stores are conveniently located, but if a little travel were necessary it would not keep away the man or woman who has once worn Blyn Shoes.

That Great Sale of A. A. Vantine & Co.'s Mission Furniture

Continues With Added Values From Our Own Stock

So unprecedented was the sale of Mission Furniture on Monday and yesterday that even a greatly augmented staff of employees could hardly attend to the purchasers, and each day the store closed with people still eagerly buying. In response to many requests, therefore, we have filled in the gaps made by the enormous buying with pieces of high-class Mission Furniture that arrived late from Vantine's Fifth Avenue Store, and with splendid examples of this type of Furniture from our own unrivalled stock, matching the great economies created by this sale. We are thus able to present quite a complete line, but would suggest early buying.

It is an event without parallel, an opportunity that has certainly been appreciated. As a hint of remaining values we would mention:

Library Tables, regularly \$10 to \$29, at \$8 to \$23. Desks, regularly \$11.50 to \$32, at \$9.50 to \$26.00.
Library Rockers, regularly \$10 to \$28, at \$8 to \$22.50. Hall Seats, regularly \$8.50 to \$32, at \$7.50 to \$25.
And a host of other pieces, the ones and two-of-a-kind. This is an event that occurs but once, and the home owner will be sorry if he or she misses it.

Fourth Floor, Central Building.
